1. Please refer to the MOTOTRBO R7 user manual for a list of tested disinfectants and decontamination substances.
2. Typical battery life, 5/5/90 profile at maximum transmitter power with GNSS, Bluetooth, Wi-Fi and Option Board applications disabled. Actual observed runtimes may vary.

KEY FEATURES

LOUD AND CLEAR

- SHARP, CLEAR AUDIO
- BE HEARD ABOVE ALL ELSE
- CUSTOMISABLE AUDIO EXPERIENCE

FIT FOR BUSINESS

- BUILT TO OUTPERFORM
- CONNECTED WHEN IT COUNTS
- MINIMISE DOWNTIME

READY FOR TOMORROW

- BIG FEATURES, COMPACT DESIGN
- CRITICAL INFO AT FIRST GLANCE
- CONNECT AND COLLABORATE

**LOUD AND
CLEAR**

SHARP, CLEAR AUDIO

HEAR AND BE HEARD MORE CLEARLY THAN EVER BEFORE, THE FIRST TIME

- Adaptive Dual Microphone Noise Suppression for game-changing noise cancellation
- Automatic Acoustic Feedback Suppression cancels out the feedback of other close-by radios
- Intelligent Audio monitors background noise and adjusts speaker volume automatically
- IMPRES™ technology ensures R7 works seamlessly with your Motorola Solutions accessories

BE HEARD ABOVE ALL ELSE

**UNPRECEDENTED LOUDNESS,
SO YOUR TEAM CAN HEAR IN
ANY SITUATION**

- Re-engineered with a more powerful speaker
- 102 phons = 4x louder than a shouting conversation
- Programmable extra loud profile reaches up to 107 phons

CUSTOMISABLE EXPERIENCE

ADAPT YOUR RADIO WITH ACCESSORIES THAT MAKE YOUR FLEET EASIER TO USE AND MORE CAPABLE

- Quickly reach and use your radio with remote speaker microphones and other accessories
- Extra loud profile can be supported on a number of purpose-built accessories

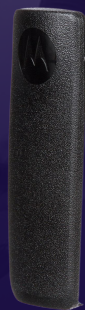

AUDIO

Loud and clear, designed for comfort and wearability

ENERGY

Maximise power for the longest shifts

CARRY

Secure, easy access

ANTENNAS

Designed for wearability

DURABLE & ROBUST DESIGN

More robust overall including an **improved side connector** design that prevents the likelihood of failure thus reduces total cost of ownership in the longer run.

Corrosion proof side connector eliminates the need for a dust cover.

FIT FOR BUSINESS

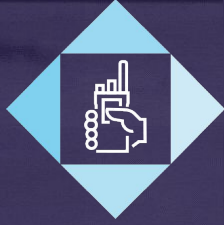

BUILT TO OUTPERFORM

TESTED TO MEET MILITARY STANDARDS.

BUILT TO OUTPERFORM WHATEVER IS THROWN ITS WAY.

- MIL-STD 810 C,D,E,F,G and H
- IP68: Dust-tight, water immersion up to 2 metres for 2 hours
- IP66: Direct impact from highly pressurised water streams
- Ruggedised screen for impact resilience
- Housing resists disinfectants and decontamination substances¹
- TIA4950 Intrinsically safe option for operation without the risk of ignition or fire

1. Please refer to the MOTOTRBO R7 user manual for a list of tested disinfectants and decontamination substances.

DESIGNED FOR **SAFETY IN MIND**

TESTED TO MEET MILITARY STANDARDS.

BUILT TO OUTPERFORM WHATEVER IS THROWN ITS WAY.

- Made from the latest material developed for medical products that will offer much better resistance against **disinfectants and decontamination** substances. Meet **MIL STD 810H** - Contamination with Fluids as well as MOTOTRBO's stringent ruggedness and reliability tests.
- List of approved substances and procedures can be found in the Radio Care section of the user guide.

1. Please refer to the MOTOTRBO R7 user manual for a list of tested disinfectants and decontamination substances.

A BUTTON'S PUSH AWAY

MINIMISE DOWNTIME

Compact form factor and exceptional battery life

Battery self-calibration eliminates hours of downtime

Over-the-air programming and updating via Wi-Fi keeps your radios up to date without taking them out of the field

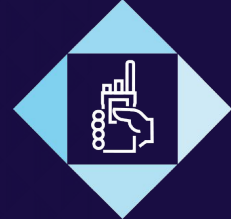

Built-in safeguards ensure your device is safe from unauthorised access and interception

Enhanced warranty and optional services help you resolve issues with minimal downtime so you can keep your devices in the field longer, with five years of included coverage³

3. Enhanced warranty includes 2 years hardware repair and 5 years technical support and software updates as standard. Optional services available to provide 5 years hardware repair or 5 years accidental damage hardware repair.

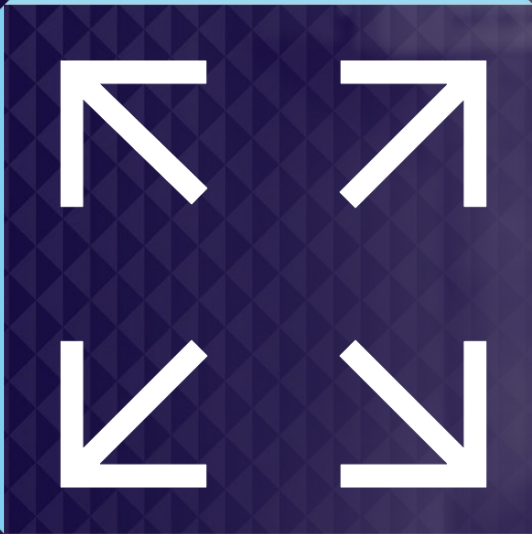

BIG FEATURES, COMPACT DESIGN

MORE FEATURES THAN EVER BEFORE, IN A SLEEK AND ERGONOMIC FORM FACTOR

- 2.4 in. 320 x 240 px. QVGA display for easy navigation
- Front and back microphones for advanced noise cancelling
- Powerful forward-facing speaker delivers loud and clear audio
- 2.4 GHz and 5 GHz Wi-Fi and Bluetooth 5.2 for simple connectivity
- Slim, long-lasting battery for more talk time
- Large emergency button with optimised ergonomic design

**READY FOR
TOMORROW**

CRITICAL INFO AT FIRST GLANCE

FEWER CLICKS, LESS SCROLLING AND NAVIGATING

- Large, updated display for an intuitive user experience and efficient navigation
- Uncomplicated user experience minimises learning curve
- Detailed notifications on the home screen
- Keep your team informed and productive

CONNECT AND COLLABORATE

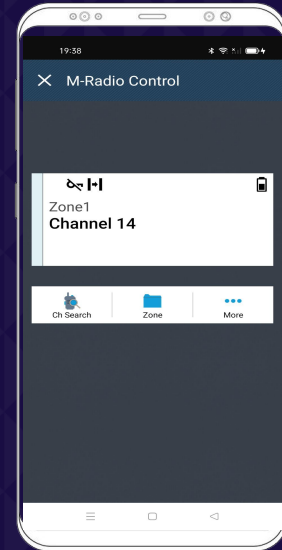

- Streamline safety, security, and connectivity into a single workflow
- Collaborate with video security systems, sensors and more
- Keep your team at peak productivity and efficiency
- Scalable connectivity with Motorola Solutions ecosystem

WORKS BETTER WITH WHAT YOU HAVE

Smartphone collaboration app with the R7 allows user to view the radio and its network status, state of calls and emergency notification.

TRANSPORT

VIDEO SURVEILLANCE /ACCESS CONTROL INTEGRATION

Access control system detects repeated attempts to enter a secure area, where high-valued pharmaceuticals are stored.

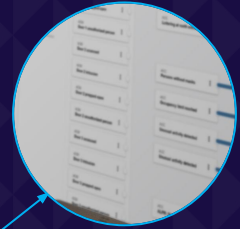

Cameras automatically turn toward door with the tripped alarm, revealing someone trying to gain unauthorised entry.

Appropriate security team members are alerted and given the alarm location on their MOTOTRBO R7 radios.

Security personnel are en-route to the incident. Control centre staff monitor security personnel's location using their R7.

A timeline of the incident is automatically created for review, training or sharing with authorities.

UTILITIES

GAS SENSOR INTEGRATION

Honeywell Gas Sensors detect SO_2 at unsafe levels.

An alert is sent to MOTOTRBO R7 via Bluetooth.

MOTOTRBO R7 relays the alert to Honeywell application via MOTOTRBO system.

Unsafe gas alert sent to all other radios in MOTOTRBO system.

Thanks to MOTOTRBO and Honeywell integration, the plant can react in a timely manner.

R7 CAPABLE Radios - following features to be purchased a la carte

- HKVN4522A MOTOTRBO Bluetooth Voice, Pan Profile and Data Value Pack
- HKVN4379A MOTOTRBO Wi-Fi
- HKVN4876A MOTOTRBO Enable GNSS
- HKVN4431A MOTOTRBO Enable Indoor Location
- HKVN4405A MOTOTRBO Enable Mandown*
- HKVN4881A MOTOTRBO R7 Audio Recording
- HKVN4885A MOTOTRBO R7 Bluetooth Generic Sensor
- HKVN4889A MOTOTRBO R7 Smartphone Collaboration

* R7 Capable Models - the Mandown/Fall Alert licence has been made zero price.
The feature will become standard as part of M2022.01

R7 PREMIUM Radios

- All the above features are standard

PARTNER HUB - ORDERING

The screenshot shows the Motorola Solutions Partner Hub interface. The top navigation bar includes 'MOTOROLA SOLUTIONS', 'Explore', 'Shop', and 'Partner Hub' (which is highlighted with a red box). A search bar and links for 'Support', 'Quick links', 'My Cart', and 'BS' are also present. Below the navigation bar, a secondary menu contains 'Home', 'Accounts Management', 'Sales Management', 'Support Services', 'Partner Central', 'Tasks & Events', and 'LXP Access'. The main content area is titled 'My dashboard' and includes a 'Hello Wojciech' greeting. It features three task cards: 'You have 2 tasks in Partner Hub', '10 mandatory trainings in LXP', and '2 new files have been released'. A 'Channel account manager' card for Lynda Smith is also visible. On the right, there is a 'Partnership records - recently viewed' table and a 'Top 10 opportunities' table.
